

Custom Printing Plate Setup Cost and Terms & Conditions

Revised May 2024

Custom Printing Plate Setup

Select one of the following options:

- Single Printing Plate (available on all product widths). 1 Plate @ 800mm x 800mm.
- Double Printing Plate (available on 2740mm & 3050mm widths only). 2 Plates @ 800mm x 800mm each.

Terms and Conditions

1. **Plate Setup Cost:** A one-off charge will apply for the first order only, for the setup of the plate artwork. Please refer to your price list for the plate setup cost or speak to your insulation supplier.
Note: There is no charge for the printing itself.
2. **Minimum Order Quantity:** The minimum order quantity for custom printing is 1,200 lineal metres and applies per product type and width. For Example: 20 x 60m rolls or 40 x 30m rolls.
3. **Overs and Unders:** The quantity supplied may be up to 10% more or less than the quantity ordered and may include a short roll/s (from the end of the production run). You will be invoiced for the number of rolls supplied. Short rolls from the end of the production run will be invoiced on a pro-rata basis.
4. **Artwork:** All logos and fonts must be converted to outlines. Files can be supplied as PDF or EPS to customprinting@ametalin.com. The artwork proof will be returned to you within 3 business days for final approval.
5. **Lead Times:** 1200mm, 1350mm, 1370mm & 1500mm product widths - for the first order please allow up to 4 weeks for delivery and allow up to 3 weeks for subsequent orders.
2740mm & 3050mm product widths – for the first order please allow up to 10 weeks for delivery and allow up to 8 weeks for subsequent orders.
6. **Print Colour:** The standard print colour is black.
7. **Product Identifier:** In addition to any printing specified by the customer, all rolls will include a small product identifier logo and a declaration of compliance to *AS/NZS 4200.1* and *AS/NZS 4859.1*. All roofing products will include an overlap line printed 150 mm from the top edge of the product for ease of installation.
